

# Nikilitha Kakaza

Software Developer/ Psychologist

I am a versatile professional with a strong technical and interpersonal skill set. I combine my expertise in web development with a background in psychology, bringing a unique perspective to the design and user experience of my projects. I apply my knowledge of human behavior and user needs to create websites that are both functional and engaging, while also fostering strong working relationships within my team. My diverse skills make me a well-rounded and valuable team member in any web development environment.

**Education**

**Grade 1 - 7**  
Isikhokelo Primary School  
My primary school years. Completed at the age of 12 years.

**Grade 8**  
Zola Business High School  
I did my grade in this school. Had to change schools since I didn't want to do business studies.

**Grade 9 - 12**  
Intlanganiso High School  
The rest of my high school years. Completed my matric with a bachelor's degree.

**Bachelor Of Arts In Psychology**  
Nelson Mandela University (NMU)  
My university journey. I did my Psychology degree for 3 years and graduated in early 2024.

**Coding**  
Life Choices Academy  
My first ever coding school. This is the school where I learnt coding for the very first time.

- Achievement**
- Obtained a Bachelor Of Arts In Psychology Degree
  - Obtained a CISCO Certificate In Cyber Security
